

## ARIES® Maintenance & Support Services

European Region

Luminex offers a multi-tiered maintenance and support program to ensure proper utilization, maintenance, and upkeep on ARIES® Systems. The program is designed to fit the needs of any laboratory, whether in the academic, government, or private sector.

Our ARIES® Maintenance and Support Program extends our services around the world, with packages that fit all laboratory needs and budgets.

### ARIES® Maintenance and Service Agreements

#### Platinum

The Platinum Service Plan is intended for customers who continuously operate the instrument and require proactive service, with the assurance of on-site, one-business day response, and an option to include assay start-up and support.

#### Gold

The Gold Service Plan is intended for customers who regularly operate the instrument and require proactive service, with the assurance of on-site, two-business day response, and an option to include assay start-up and support.

<b>ARIES® M1 plan price</b>	<b>€5.459</b>	<b>€4.310</b>

Prices listed above are in EUR and are for a one-year term. Discounts are available for multi-year and/or multi-instrument agreements.

Maintenance and Support Packages are not available in all locations. To inquire about availability in your location, please contact Service Sales at [servicesales@luminexcorp.com](mailto:servicesales@luminexcorp.com).

Service plan pricing assumes the customer has maintained continuous coverage. Standard Luminex policy requires instruments with a lapse in service coverage to be recertified prior to engaging a new service agreement.

The recertification fee of €900 includes travel and three hours of labor. Additional hours of labor and/or parts used during the recertification will result in additional charges.
